Mendos[®] XU MenEco[®] XU

„The Space Maker“

High footprint productivity

Economical and environmentally sustainable

Pure, modern design

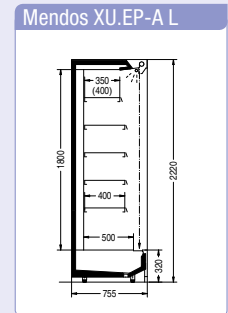

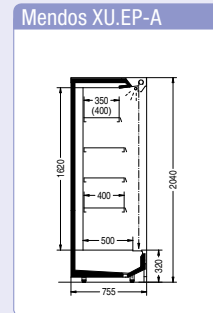

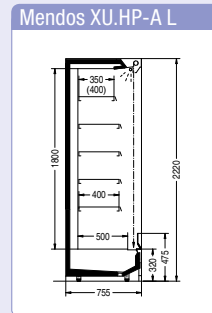

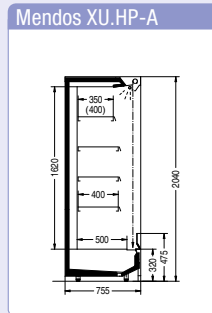

Evolution 6
in store, naturally...

Design & merchandising for sales optimization

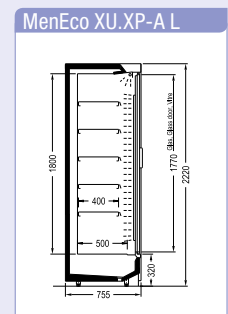

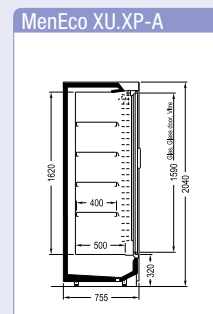

Main features

- Ultra narrow footprint (12% smaller than EU-version)
- High loading capacity
- 320 mm front height
- 2 heights
- Design "Evolution 6"
- Performance
Mendos: 2 versions (3M1 & 3M2)
MenEco: 1 version (3M0)
- Crown end length reduced to 1580mm
- Oversized coil (high evaporating T°)

Product advantages

- Compact footprint to optimize store layout
- Uncluttered design: products highlighted
- Full glass doors: energy saving and transparent
- Soft closing doors enhance shopper experience
- Shelf depth diversity: high flexibility to match merchandising layouts
- Optimized shelves' depth brings merchandise closer to the customer
